

**Dear Team,
Good Afternoon!**

This is the final communication regarding salary processing and attendance compliance. Any fluctuations in salary will be the sole responsibility of the employee. As previously communicated, salaries will be processed strictly based on Skype records and attendance tracking.

Despite multiple reminders, inconsistencies in check-in/check-out times and incomplete attendance records on the register are still being observed. Going forward:

- If your attendance is not properly marked, it will be considered absent without further clarification.
- I will not be providing salary details before crediting. Whatever data is recorded from Skype and attendance will be final for salary processing.
- Once salaries are credited, no further discussions regarding attendance adjustments will be entertained.
- This policy applies to both new and existing employees, except those working from home (WFH).

For Hybrid and Work-from-Office (WFO) Employees:

- If you are coming to the office, you must mark your check-in and check-out daily.

I have strictly communicated this policy to higher management, and any discrepancies in salary due to attendance issues will be the responsibility of the employee. It is your duty to maintain accurate attendance records daily.

For any concerns, please send an email instead of discussing it personally.

Thank you for your cooperation.

Best Regards,
Sukrati Singh Thakur
HR Manager
