PROJECTS

1st mammuth (11/2024 - Present)

- In Present i Develop a cross-platform Flutter application enabling users to explore and apply for jobs across various categories (e.g., doctors, designers, IT industry) and read blogs. Built an **admin panel** as a Flutter web app for managing job postings, blogs, notifications, and company profiles. Integrated **Firebase Firestore** , **Cloud Messaging** , and **Cloud Storage** for real-time data synchronization, notifications, and secure data management. Ensured seamless user experiences with responsive and interactive design.

Ritz Nightclub (07/2024 - 10/2024)

- <https://apps.apple.com/us/app/ritz-nightclub/id6670752768>
- Developed a cross-platform Flutter app for iOS and Android, enabling users to explore club events, request VIP tables, and make seamless reservations. Key features include real-time event updates via **Firebase Cloud Messaging** , **PayPal Sandbox** integration for secure payments, and **RESTful APIs** for smooth data handling. Designed to provide exclusive access, personalized notifications, and a premium nightlife experience.

Manere Sanus (08/2024 - 11/2024)

- <https://play.google.com/store/apps/details?id=com.manere.sanus>
- Developed a cross-platform mobile application using Flutter to support a health concept for all age groups (0-112 years). The app integrates **RESTful APIs** to provide personalized rehabilitation programs certified under §44 SGB and features preventive health and popular sports options. It ensures user engagement through responsive design and adherence to the latest sports science principles.

CERTIFICATES

Android development training (07/2023 - 09/2023)

I have done an internship of two months from Logical Soft Tech company from where I have learned a lot like how to making android applicaton.
